## WEATHER INDICATIONS.

For Kentucky, cloudiness, with rain;  
 cooler winds shifting to west and north-  
 west.

THE Patriot, of Harrisburg, prints a  
 letter from Bishop McGovern, Bishop of  
 Harrisburg, which says that the torture of  
 Private Ians, Company K, Tenth In-  
 fantry, at Homestead, a few days since,  
 is "a disgrace to our civilization, and if  
 allowed to pass without a thorough in-  
 vestigation its consequences must have a  
 demoralizing effect on the esprit de corps  
 of our military organization." The Bishop  
 says "a cruel man never makes a brave  
 soldier, and if the National Guard is un-  
 willing to restore the tortures of the In-  
 quisition, let them drive Colonel Streator  
 out of their ranks."

It now remains to be seen whether  
 Republican papers will denounce Bishop  
 McGovern as "a blatant demagogue."

## OUR NEXT CONGRESSMAN.

"Able, Popular and Alert," and a  
 Model Member—Press  
 Comments.

Catlettsburg Democrat: "Mr. Paynter  
 is now serving his second term, and the  
 fact that he has no opposition in the  
 Democratic party is evidence that his pub-  
 lic acts meet the approval of a majority  
 of his party friends. The district conven-  
 tion will convene at Carlisle, Ky., Sep-  
 tember 6th, at which time Mr. Paynter  
 will by acclamation be commissioned as  
 the standard bearer of the Democracy of  
 this district in the ensuing campaign."

Dover News: "Hon. Thomas H. Paynter,  
 member of Congress from the Ninth  
 Kentucky District, is announced in this  
 issue of the News as a candidate for re-elec-  
 tion subject to the voice of the Demo-  
 cratic party. Mr. Paynter is now serving  
 his second term in the House of Represen-  
 tatives and while he is guided always by  
 broad Democratic principles, the business  
 of his office has been dispatched in a man-  
 ner satisfactory to his constituents, Re-  
 publican as well as Democrat. His re-  
 election is practically assured. He is  
 able, popular and alert, and is a model  
 member of Congress."

The pleasant effect and perfect safety

## GERMANTOWNS.

 Parkersburg on Thursday.

Our tobacco traders have ceased prizing in consequence of the excessive heat.

Elder W. W. Hall will preach at the Christian  
 Church Sunday next at 11 o'clock.

Elder Sharpe, of Montgomery County, is the  
 guest of his son-in-law, Wm. Butcher.

Tobacco crop not doing well. Worms more  
 numerous and destructive than ever known.

Hon. Matt Walton, of Lexington, returned  
 home Thursday, leaving his wife and daughter  
 to spend a season with relatives.

Rev. Mr. Ramsey, pastor of the Presbyterian  
 Church at Augusta, will preach in the M. E.  
 Church, South, next Sunday evening.

Among the good things we intended to say of  
 Mt. Olivet were that at almost every dwelling  
 there is a beautiful display of flowers, one  
 of the best evidences of refinement and  
 good taste on the part of the good women,  
 and nowhere did we see a screen door to a recess  
 where, by the wholesale or retail, men are made  
 drunk and homes are made desolate; nor did we  
 see a man under the influence of liquor.

## A CALL ON MR. DEVINE.

Mr. Frank Devine, Maysville, Ky.; Believing you  
 would make an efficient Sheriff, we respectfully  
 ask you to become a candidate for that office,  
 subject to the action of the Mason County Re-  
 publican convention. [MANY COUNTY VOTERS.]

## JUSTICES' DISTRICTS.

Provisions of the Act Authorizing a  
 Reapportionment of the  
 Counties.

Following is the act of the Legislature  
 authorizing a reapportionment of the va-  
 rious counties into Justices' districts:

Be it enacted by the General Assembly of the Com-  
 monwealth of Kentucky: § 1. There shall be estab-  
 lished in each county of this State not less than  
 three nor more than eight Justices' districts.

§ 2. The County Judge of each county shall, in  
 open court, on the first Monday in August, 1892,  
 appoint three competent citizens of the county  
 over twenty-one years of age, and residing in  
 different portions of the county, and in different  
 Justices' districts, as Commissioners to divide the  
 county into not less than three nor more than  
 eight Justices' districts, as nearly equal in terri-  
 tory and population as may be. The Commis-  
 sioners, before they proceed to act, shall be sworn  
 to faithfully discharge their duties.

§ 3. The Commissioners shall, within twenty  
 days after their appointment, lay off, fix and es-  
 tablish the boundary line of the districts, and  
 file in the office of the County Clerk a report, in  
 writing, showing the boundary of each district,  
 with the estimated population in each. At the  
 next regular term of the County Court, com-  
 mencing not later than ten days after the filing  
 of the report, any citizen of the county aggrieved  
 may file exceptions thereto, and the court shall  
 fix a day, not later than ten days after the filing  
 of the exceptions, for the trial thereof, and on  
 the trial the court shall dispose of the same as it  
 may deem proper, and shall, by order entered of  
 record, establish the boundary of such districts  
 as herein provided.

§ 4. The Justices' districts shall be so estab-  
 lished that the boundary thereof shall not cross the  
 boundary line of an election precinct.

§ 5. A county may be reapportioned into Jus-  
 tices' districts at any term of the court, in the  
 same way four years after a previous apportion-  
 ment, but which apportionment shall not be  
 made within sixty days previous to an election of  
 a Justice of the Peace, nor shall Commissioners  
 be appointed to make the reapportionment, un-  
 less notice of the proposed application for the  
 apportionment be given by written or printed  
 notices posted at the court house door and in  
 three or more public places in each Justices' dis-  
 trict of the county, at least twenty days before  
 the term of court at which the application for the  
 appointment of Commissioners is made, and on  
 the trial of the exceptions to the Commissioners' report, if it shall appear that a reapportionment  
 is not necessary, the court may refuse the ap-  
 plication and dismiss the proceeding at the cost of  
 the applicant.

§ 6. The Commissioners shall be allowed reason-  
 able compensation for their services, to be al-  
 lowed by the fiscal court and paid out of the  
 county levy.

§ 7. As the election precincts can not properly  
 be established before the establishment of Jus-  
 tices' districts, an emergency exists for the im-  
 mediate operation of this law: It shall, therefore,  
 take effect from and after its approval by the  
 Governor.

## Attention, Bricklayers.

 layers' Union at 7:30 o'clock, Friday even-

## Collision of Freight Trains.

HOLLY, Mich., July 29.—A collision  
 between two freight trains occurred  
 yesterday on the Detroit, Grand Haven  
 and Milwaukee road, two miles from  
 here. Both engines and thirty cars were  
 completely wrecked, and five carloads of  
 cattle, sheep and hogs were killed. Brakeman  
 Lachlan, of Holly, was severely injured by  
 jumping. The rest of the crew jumped safely.

## But One Life Lost.

ELIZABETH, N. J., July 29.—An ex-  
 plosion occurred yesterday evening at the  
 Springfield, New Jersey, celluloid  
 works. The force of the explosion was  
 felt in this city and some damage was  
 done. Seven buildings were wrecked in  
 Springfield, while one man lost his life.

## Fire in a Depot.

WEST CHESTER, O., July 29.—The Big  
 Four depot at this place came near be-  
 ing destroyed by fire last evening. It is  
 thought that a spark from Train 34  
 started the fire in the roof. Some of  
 the passengers getting off of Train 22  
 noticed the blaze and extinguished it  
 before much damage was done.

## Four Men Killed.

GAYLORD, Mich., July 29.—The boiler  
 in the shingle mill of Hartnell & Smith,  
 on Otsego lake, blew up yesterday, kill-  
 ing four men, fatally injuring one other  
 and demolishing the mill.

## A Ripley County Peach Tree.

W. S. Holladay, whose home is at  
 Tucker, in Ripley county, Mo., has a  
 curiosity in the peach tree line which he  
 is thinking of sending to the World's  
 fair. The tree is three years old, about  
 an inch and a half in diameter at the  
 butt, is thirty-seven feet high and has no  
 limb or branch on it.—Doniphan (Mo.)

## How a Hindoo Uses Clocks.

The Hindoo places a clock in his show-  
 rooms, not because he ever desires to  
 know what the hour is, but because a  
 clock is a foreign curiosity. Instead,  
 therefore, of contenting himself with  
 one good clock, he will perhaps have a  
 dozen in one room. They are signs of  
 his wealth, but they do not add to his  
 comfort, for he is so indifferent to time  
 that he measures it by the number of  
 bamboo lengths the sun has traveled  
 above the horizon.—Temple Bar.

If you want your umbrella, and es-  
 pecially a good silk one, to last twice as  
 long as it otherwise would, always leave  
 it loose, whether in use or not, and dry  
 it open, handle down.

R. H. YANTIS.

A Fleming County Physician Nominated for Congress by the People's Party.

The People's party of the Ninth district held a convention at Augusta yesterday to nominate a candidate for Congress. The meeting was called to order at 11 o'clock by District Committeeman Wm. Luttrell. John Lane, of Bath, was elected Chairman and J. S. Mavity, of Lewis, Secretary. On motion, the Chair appointed Wm. Luttrell, C. J. Wood, Robert Barr, J. S. Ball and A. Swearingner a Committee on Platform, and the convention then took a recess until 2 o'clock.

On re-assembling the convention was opened with prayer by Rev. D. H. Marri-mon. The Committee on Platform reported the following, which was adopted:

We, your Committee on Resolutions, beg leave to submit the following:

The two great National parties in whose hands have been entrusted the reins of government for more than thirty years have so flagrantly usurped the rights of all labor by false and vicious legislation that American agriculturists are rapidly degenerating to the condition of European tenantry. The fruits of their toil have been boldly stolen to build up colossal fortunes for a few unscrupulous tyrants, traitors to the Republic and dangerous to civil liberty. Riot, ruin and oppression are the controlling forces of the Republican and Democratic parties. They have no aims or objects beyond the spoils of office, and organized labor is denied the right to exist under the terrorizing influence of Pinkerton rifles. Imported, panoplied labor is employed to beat down wages, and a hireling band of assassins unrecognized by law is established to shoot them down. The present dreadful conditions are growing more alarming with each recurring Congress, and unless met and overthrown at once by the ballot, terrible social convulsions will surely follow. Unrest and dissatisfaction is apparent on every side. The mass of thoughtful people are aroused, and men of every calling are surrendering their party prejudices and yielding to intelligent and serious reasoning.

We charge the Democratic party with wilful treason and the Republican party an arch enemy to our free institutions. They have pooled their issues and agreed to ignore every measure in the coming campaign but one. The sham battle over the tariff is to be renewed to drown the murmurings of an outraged people, so the ravages of corporation kings, railroad magnates and board of trade barons may be lost sight of. The platform of one of the dominant parties alludes to the \$2,500,000,000 of mortgaged indebtedness which hangs like the pall of night over the farmers, yet no means of relief is suggested. They propose to impoverish labor, sacrifice our homes and pauperize our children to secure corruption funds from millionaires.

We, therefore, believe the organization of a new party and new principles the only hope to obtain governmental reform, domestic tranquility and universal happiness to our ourselves and our posterity. We appeal to the patriotism of every loyal citizen, regardless of past political affiliations, to endorse and vote for the following principles:

We pledge our unwavering confidence and support to the Omaha platform.

We demand the free and unlimited coinage of silver and gold at the present ratio of 16 to 1.

We demand that the government shall issue all money direct to the people at a tax not to exceed two per cent per annum, thus placing our circulating medium beyond the control or influence of corporate or private capital.

We favor a postal savings system for the encouragement of the thrift of the wage class by which they may obtain a reasonable rate of interest on their deposits.

We demand that the amount of circulating medium be speedily increased to not less than \$50 per capita.

We demand that National taxation be removed from the necessities of life in common use, and a graded income tax levied as high as can be made practicable, according to the measure of protection wealth receives; thereby giving just and greatly needed relief to all productive labor.

In the corporate ownership of railroads and telegraph lines we see a monstrous monopoly fostered by the government that will ultimately result in the enslavement of all local industries. We, therefore, favor the nationalization of all means of transportation and communication.

Resolved, That we protest against the vicious unamerican legislation that tolerates armed mercenaries to invade the States and Territories under the guise of detective agencies.

John G. Blair, of Nicholas, placed Dr. R. H. Yantis, of Fleming, in nomination for Congress. J. M. Soutsley, of Fleming, seconded the nomination, and a motion to make the nomination by acclamation carried.

A committee of three was appointed to formally notify Mr. Yantis of his nomination, and the convention then adjourned.

As Others See Us.

Shys the Aberdeen Gretna Green: "Maysville has been trying hard the past few weeks to organize a base ball club, but has not yet succeeded. Maysville has lots of enthusiasts of the National sport, but there doesn't seem to be enough talent there for a club. This seems strange when we reflect that Maysville has a population of nearly 10,000. The Aberdeen Browns are just waiting for a club to pop up over there so they can down them."

Brother Havens, the Browns want to remember the fate of the unfortunate fellow who tried to rub the bull's nose in the dirt. They should do their laughing now.

It is only a tiny pin, but so exquisite in its workmanship that you turn again to look at it. It is a "lover's knot" in white enamel and gold, with a bit of a diamond in the center of the bow. You can buy it at Ballenger's, and 'twould make your mother, or your sister, or some other fellow's sister happy.

THE K. C.'s early train Wednesday took three lunatics into Lexington. Two of them were the ones sent up from this county, and the other was from Fleming. The Leader says the two from Mason were very wild and hard to manage, requiring the aid of two men each to transfer them from one train to the other. They were taken to Anchorage.

It is announced that the C. and O. will put on a new train between Maysville and Cincinnati next Monday, to arrive here at 11:45 a. m. and leave on return trip at 5 p. m. Maysville has wanted an east-bound local train in the forenoon and a westbound local in the afternoon and this will now be afforded. Under the new schedule, the F. F. V. westbound, will not stop between Maysville and Newport, and the Washington Fast Express will not stop regularly except at New Richmond, Augusta and South Ripley.

THE CENTRAL.

Parker, Fitzgerald & Co. Buy Out Captain Collier and Get Possession Monday.

The popular Central Hotel changed hands this morning.

As agent for Captain George Collier, Captain M. C. Hutchins closed a deal for the sale of all of Mr. Collier's interests in the hotel, including the lease of the building, to Messrs. Parker, Fitzgerald & Co. From one source it is learned that the price paid was \$7,500, while another places it at \$6,000. It is known, of course, that the sale does not include the building, as that is the property of the Watkins heirs.

The new proprietors will take possession next Monday. The company is composed of Messrs. James W. Fitzgerald, P. P. Parker and A. H. Parker, of this city, and Major J. T. Long, of Lane, Kansas. They are all popular and wide-awake gentlemen, and their aim will be to make the Central the equal of any hotel in the Ohio Valley.

Those who are acquainted with the new proprietors know the Central will be kept up to the high standard it has enjoyed in the past.

Mr. A. H. Parker will have charge under the new management.

A TODDLER'S NARROW ESCAPE.

Prompt Work by Brakemen Chappell and Wise Save a Child's Life.

A thrilling scene was enacted at the foot of Short street yesterday afternoon.

A little four-year-old boy by the name of Thomas Todd Gilbert was playing on the railroad trestle at that point. He had been underneath the track and was climbing up on top, when the K. C. yard engine came along pushing a flat car on which Brakemen Wm. Chappell and Wm. Wise were standing.

The little fellow was either too young to realize his danger or else did not notice the train's approach. He had pulled himself up until his head was almost directly across the rail when Messrs. Wise and Chappell noticed him. They saw that something must be done and that promptly, if the child's life was to be saved. The engine was not running very fast. Calling to Mr. Wise to put on the brake, Mr. Chappell jumped from the car and running forward pulled the little fellow from his dangerous position just in time to save him. Another instant and the child would undoubtedly have been crushed by the trucks of the car.

A railroad track is too dangerous a place for a play-ground, and this little boy's narrow escape should serve as a warning to those parents who allow their children to come and go as they please.
